

ISI Officers' Elections 2011-2013

Report of the ISI Nominations Committee

For the election of ISI President-Elect from 2011 to 2013, the Nominations Committee has selected as the two candidates one current Vice-President, Vijay Nair and a former Vice-President, Gilbert Saporta. After consultation among members we considered that both are ideal candidates to lead the ISI, in terms of experience, the way their past contribution had been valued, and their capacity to meet the future needs of the ISI leadership.

We propose five candidates for Vice-President (Lutz Edler, Pali Lehohla, Helen MacGillivray, Hallgrímur Snorrason and Almut Steger). They are all people who are strongly regarded for contributions within the ISI and its Sections, and represent a sound gender and regional mix.

The eight nominations for the ISI Council will, with existing council members, bring a variety of strengths whilst ensuring the overall representativeness of this consultative and decision-making forum of the ISI.

The Nominations Committee also sought to retain the momentum of the initiatives that started under the Presidency of Niels Keiding and have continued since to rethink how the ISI operates, and the way in which ISI membership reflects the way individuals now belong to the ISI, its Sections and national statistical bodies. We have sought to ensure that from the members of the proposed ISI Council and the future Vice-Presidents, the future Nominations Committees will continue to have a core of people to draw on with experience in leading the ISI.
